Traditional origami diagram - assumes basic knowledge.

Beginners: click **URL** above for **detailed steps** and **video tutorials**.

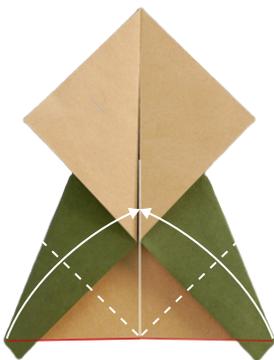

STEP 1: Start with the brown side up. Fold in half and unfold. Flip around.

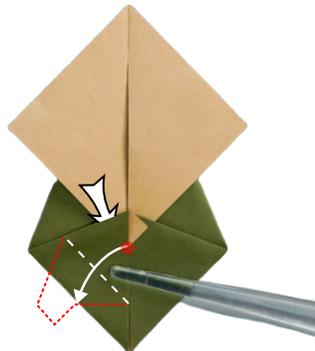

**STEP 2:** Fold the edges to the center line.Then Flip around.

STEP 3: Fold to the center line,along 1 layer only. Make sure to not crease the flaps created in the previous step.

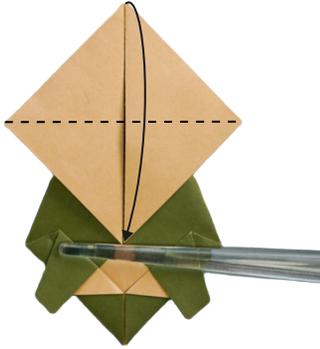

**STEP 4:** Fold up,aligning the bottom edge with center line.

STEP 5: Fold the left flap down,aligning the point with the bottom edge.

STEP 6: Repeat on the right side.

STEP 7: Fold the top flap in half.

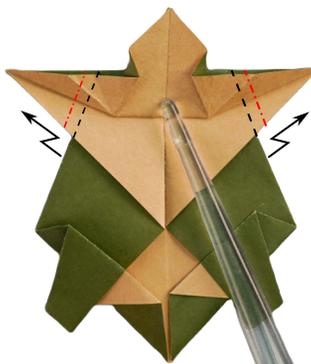

STEP 8: Fold the flap up, aligning the circled points.

STEP 9: Fold and unfold, aligning the side edges with the top edge.

STEP 10: Swivel fold towards the center, using the crease made in the previous step.

STEP 11: Pleat to form the front legs.

STEP 12: Pleat the bottom to create the tail.

STEP 13: Pleat the tail and narrow the body.

STEP 14: Flip the model around.

Completed model!
